Vice Presidential candidates:

Brooklyn Galbraith

My name is Brooklyn Galbraith and I am running for Executive Vice President. I am a second year BA student majoring in Communication, with plans of obtaining a BBA when I finish my BA. I am originally from New Brunswick, but have relocated and made Cape Breton my home. Over the past academic year, I have had the honour of being Caper Times Editor-in-Chief. I am committed to creating a better university life for fellow students, by hosting all age events, so everyone has an equal chance to get involved and have fun. Students well-being is one of my top priorities, so I will advocate for a better academic advising system and I will promote everything that the Students' Union has to offer for students. I will work consistently and tirelessly to ensure that students have the best year yet.

Raj Patel

Presidential candidates:

Mitchel Hill

Hi, I'm Mitchel Hill, your Presidential candidate for 2017-2018. Over the last three years, I've been your SRC Off-Campus Representative and Secretary, Promotions Coordinator, and Pride and Ally Centre Coordinator. I have spent my time at this school dedicating myself to the CBUSU and to the welfare of students and student life. This is where my drive comes from to run for office. This year the Union was headed in the right direction, however, I see the potential for greater change and

improvement. A key issue is getting students more involved in student government, and I believe adding an online voting option could enhance students' voices in our school. Furthermore, getting SRC representatives CBU email accounts will increase students' opportunity to communicate with their councillor and have their voice well-heard in meetings. I believe the Union should collaborate with our societies and centres to put on events in partnership with local organisations to bring opportunities to students. Something I think can be improved upon dramatically is our focus on student life and events. This means a change in event promotion, where promotions staff work as a collaborative team around campus to engage students. We definitely need to examine how we operate The Pit, making use of your feedback and ideas to find solutions that work for students without us going for broke. If elected, my promise is to lead and advocate to benefit all students! Find me and talk with me. Unite the Union, and vote Hill on February 14th-15th!

Eleanor Sidley

Hi! I'm Eleanor Sidley and I am running for CBU SU President. I am in my final year of the Bachelor of Hospitality and Tourism Management and will be returning for my Bachelor of Business Administration. I am from Ontario and decided to come to CBU in 2015 to finish my degree. In the two years that I have been here CBU has come to mean a great deal to me, and it is because of this that I have been as involved as I can in the school, from being a frosh leader and member of house council, to working for student engagement, and being the

chair of the students representative council, I have been working to help make CBU a warm and welcoming place for all students. Being so involved has shown me that there is still work that can be done to help make CBU even better than it is, and it has made me well aware of the demands of the presidency. Whether it is working to make awesome events for students, to advocating on behalf of students to CBU's board of governors or the government, I truly believe that I am well suited and well prepared for anything I would have to do in the role of president.
